CONCERT THEME

Sensory Friendly Holiday Pops celebrates the season of winter and the holidays of Hanukkah and Christmas. The concert features a guest soloist who will sing with the orchestra. The concert also features ballet dancers and a choir of children.

You will hear music from the Tchaikovsky's *The Nutcracker* and several Christmas carols including *Deck the Halls*. The concert starts with Leroy Anderson's *Sleigh Ride*, a song that captures the magic of being outside during winter. You might already know some of the music on the concert. Other music on the concert might be new to you.

WHAT CAN I EXPECT?

When you arrive, you will be offered a fidget and a map of the pre-concert activities around Heinz Hall. Earplugs will be available in the Grand Lobby (main floor). A Quiet Room will be available during the entire event in the Overlook Room (second floor) as a designated quiet space with relaxing activities and a live video feed of the performance. PSO staff, volunteers, and ushers will be available to answer questions and provide assistance.
