IDEA TO INVENTION

Brainstorming Activity

Inventors use their imagination and determination to turn ideas into reality. What will you invent to change the world around you? Take the first steps in this invention brainstorming activity!

STEP 1. Identify a **problem you want to solve**:

"I wish there was a _____ that could

_____."

STEP 2. **Imagine** the details:

What will your invention look like? How will it work? Write the details or sketch an image:

STEP 3. **Create a prototype** (a first model or rough example) and present it to your classmates!
